

HOW TO PERFORM THE 'DEAR UNIVERSE, I'D LIKE TO SPEAK TO THE MANAGER' SOUL CONTRACT SPELL

Ok cunts - listen up. This is not just a contract. This is an eviction notice for all the outdated cosmic nonsense you've been tolerating. This is your official breakup letter with struggle, bad vibes, and that weird karmic debt you didn't sign up for. This is you kicking the outdated soul terms straight into the cosmic shredder and demanding upgrades, blessings, and VIP treatment from the Universe.

This? This is a spell. A real one. A big one. And you're about to boss up your entire existence.

HOW TO COMPLETE THIS POWER MOVE (A.K.A. THE SPELL)

SET YOUR INTENTION (a.k.a. Get Ready to Get Your Way)

Before you even pick up your pen, take a deep breath and get serious. No half-assed, "Oh, I hope this works" energy here. You're not hoping, you're commanding. Stand tall, roll your shoulders back, and say:

"I am DONE with outdated cosmic nonsense. I am NOW stepping into my divine power. This spell is legally binding, and the Universe will act accordingly. So it is, so it shall be. Also, I look great today."

WRITE YOUR CONTRACT LIKE A BADASS LAWYER OF THE SOUL REALM

- Be bold and specific. If the Universe is gonna process your request, it needs clear demands, not vague suggestions.
- No "I hope" or "I wish." This is not a vision board, this is a legally binding magical declaration.
- Example:
 - ✗ "I'd like to experience more financial freedom."
 - ✓ "I am now RICH. Wealth flows to me effortlessly. All my bills pay themselves like responsible adults, and my bank account is THRIVING."

FIND A SACRED TREE (A.K.A. THE COSMIC HR DEPARTMENT)

The Universe loves outsourcing paperwork, and trees are basically its middle management. Find a big, wise-looking tree that feels important. Approach it with respect (no chopping, no bad vibes, and absolutely NO urinating on it).

👑 Official Greeting:

"Oh wise and magnificent tree, bearer of secrets, keeper of cosmic contracts, I come to you humbly today as a badass on a mission. Please take this request and process it with the speed of a tax refund hitting my bank account."

READ YOUR CONTRACT OUT LOUD (YES, OUT LOUD. DON'T BE SHY.)

- Read it like you are closing a high-stakes business deal. No whispering. No "hehe, this is silly" energy. The tree is literally handling your spiritual paperwork.
- If you feel like a silly goose talking to a tree, good. That means it's working. The best magic always looks ridiculous.

SEAL THE DEAL (CHOOSE YOUR METHOD OF MAGICALLY ESCALATING YOUR REQUEST)

- Bury It: Fold it up, whisper "make it so" like you're in a sci-fi movie, and bury it under the roots. The Earth will process it.

- **Burn It:** Fire = transformation. If you're feeling dramatic (and who isn't?), set that bad boy on fire and let the ashes carry your demands to the Universe.
- **Rip It Up & Let the Wind Take It:** This is for the chaotic free spirits who want the cosmos to handle it ASAP.
- **Dissolve It in Water:** Good for emotional, watery types. Also, kind of aesthetic if you want to post it later.

SAY THANK YOU, WALK AWAY, AND ACT LIKE IT'S ALREADY DONE

- Thank the tree. Pat it. Compliment its bark. Let it know it did a good job.
- Leave the area like you just nailed a job interview. No worrying, no doubting. It's handled.
- Do not sit around waiting like an Amazon delivery. Go live your life. The Universe is already moving things behind the scenes.

FINAL NOTE:

This spell cannot be undone. Once you declare your new contract, the old bullshit dies. The Universe WILL comply. Expect glitches, shifts, and unexpected blessings to start appearing ASAP.

This is powerful as fuck magic.

Use wisely. Walk in confidence. And remember:

🧙: IF THE UNIVERSE DOESN'T LISTEN, YOU WILL BE ESCALATING TO HIGHER MANAGEMENT.

🔥 So it is, so it shall be. Let's get this upgrade. 🚀 ✨

DEAR UNIVERSE, I'D LIKE TO SPEAK TO THE MANAGER

SOUL CONTRACT EDIT AGREEMENT

To: The Universe, Cosmic Customer Service, Akashic Records Department, or Whoever Is Running This Show

From: The Undersigned Soul (hereinafter referred to as "The Initiator, aka the Slightly Over-It One")

Date: [Insert today's date, because this has gone on long enough]

Re: Immediate & Drastic Edits to My Soul Contract, Effective Immediately

ARTICLE I: CONTRACTUAL PURPOSE & AMENDMENTS

Whereas The Initiator originally signed off on this Soul Contract **without fully reading the fine print**, likely in some pre-birth, love-and-light-induced haze, it is now being **formally revised** because some of these clauses are, quite frankly, absolute bullshit.

Problematic Clauses That Need to Be Yeeted Into the Void Immediately:

Clause: *"You must struggle to grow."*

- **✗ Requested Amendment:** *I will now learn all lessons through joy, orgasms, and money. Thanks.*

Clause: *"You have agreed to generational trauma and karmic debt."*

- **✗ Requested Amendment:** *Nah. Return to sender. If my ancestors ran up a tab, that's between them and cosmic collections. I wasn't there.*

Clause: *"You must experience heartbreak to understand love."*

- **✗ Requested Amendment:** *I will now learn about love through unconditional adoration, forehead kisses, and people who text back immediately.*

ARTICLE II: ABUNDANCE & RECIPROCITY

Let's talk about **compensation**.

I hereby **fire the broke-ass timeline manager** who thought financial struggle was part of my "soul journey." A new one shall be assigned ASAP, preferably one with experience in high-yield manifestations and billionaire mindsets.

Mandatory Incoming Blessings:

💰 **Manifestation Request:**

ETA: _____

☀️ **Manifestation Request:**

ETA: _____

💡 **Manifestation Request:**

ETA: _____

Note: If my blessings are “in transit,” they better not be using the same shipping method as my lost Shein orders. Expedited divine delivery ONLY.

ARTICLE III: LOVE & RELATIONSHIPS

Effective immediately, I am **opting out** of the following:

- **Toxic exes boomeranging back into my life like a cursed DVD I forgot to return in 2003.**
- **Situationships that feel like unpaid internships for a role I don't even want.**
- **Twin flame nonsense.** If my “other half” needs to go through a dark night of the soul, that’s between them and their therapist.

🚨 **Emergency Clause:**

If I am **ever again tempted** to romanticise a walking red flag, **may my Wi-Fi glitch just long enough to prevent me from texting.**

ARTICLE IV: PURPOSE & DESTINY PATH ALIGNMENT

Let's get one thing straight: I am no longer on board with the **“character development” edition of my life**. I would now like to unlock the **“main character, effortlessly successful, rich and thriving” mode**.

Areas of My Life That Need a New Cosmic GPS

If **any obstacles** are necessary for these shifts, they should be limited to **mild inconveniences at most (e.g., waiting in line at Starbucks, not soul-crushing existential crises)**.

ARTICLE V: HEALTH & WELL-BEING

I hereby revoke all **past-life ailments, genetic nonsense, and karmic afflictions** that were not personally selected by me in this lifetime.

 **Unwanted Symptoms, Fatigue, or General Bullshit That Needs to Go:**
